CLC at Bilbao Metropoli 30

CLC's Executive Director, Hugh Lim, spoke remotely to an international audience at Bilbao Metropoli 30's international congress.

Bilbao Metropoli 30 is a non-profit think-tank working with the Bilbao City Council; the congress, held in a hybrid format, centred around "Inspiring a revolution on urban innovation".

Hugh shared on the importance of an urban revolution in innovation and Singapore's initiatives in this area.

Crowdsourcing Towards Barrier-Free Access

TechforGood project SmartBFA uses crowdsourced path accessibility data to help wheelchair users find quicker and barrier-free routes. The project was a collaboration with wheelchair users, able-bodied volunteers and government agencies, in a bid to improve Singapore's accessibility and empower wheelchair users to lead independent lives.
