

City Executive Leaders (City EXCEL)

Foundation programme for officers in Infrastructure & Environment Sector

Learning journey at Bishan - Ang Mo Kio Park.

City EXCEL is designated by the Infrastructure and Environment (I&E) Sectoral Leadership Committee (comprising permanent secretaries of the sector) as a milestone course. A five-day practitioner-led, project-based programme designed for all Singapore public service officers in the I&E sector and I&E related sectors to acquire broader perspectives on the urban development of Singapore.

Participants from the 19th & 20th City EXCEL with Closing Dialogue speakers Dr John Keung (Chief Executive Officer of Building and Construction Authority) and Mr Yap Chin Beng (Deputy Chief Executive Officer of Housing and Development Board).

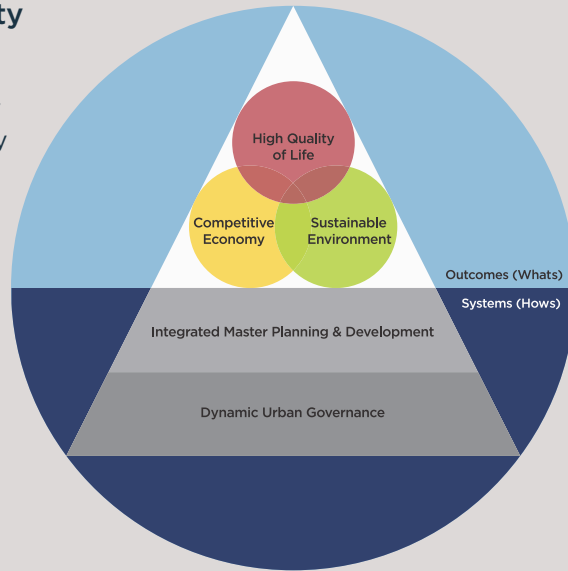

What City EXCEL offers

Drawing upon the Singapore Liveability Framework, gain knowledge in Singapore's model of urban transformation. Adopting cross-sectoral, cross-disciplinary, and integrated approach, tapping on CLC's knowledge products and networks through:

- **Urban systems studies seminars** delivered by urban pioneers on Singapore's urban transformation:
 - High Quality of Life and Sustainable Environment through creating green, blue, equitable and liveable environment,
 - Competitive Economy through good industrial infrastructure and creating vibrant economy,
 - Supported by integrated planning and development and urban governance as expounded by the Singapore Liveability Framework.
- **Dialogues** with Deputy Secretaries and agency CEOs on current and forward-thinking topics e.g. food security, reimagining Orchard Road.
- **Learning Journeys** showcasing how Singapore delivers integrated urban solutions.
- **Engage with CLC researchers** on published or classified research e.g. Little India, fenceless communities, participatory design.
- **Group projects** drawing parallels and contrasting our urban transformation with current challenges to plan for the future.
- **Join a rich network** of urban pioneers and policy practitioners from the urban infrastructure, environmental, economic and private sector.

Singapore Liveability Framework

City EXCEL is guided by the Singapore Liveability Framework, developed by CLC to define a liveable and sustainable city, as well as how to plan and develop it.

[Final fees will be confirmed nearer the date of the programme.]

CENTRE for
Liveable Cities
SINGAPORE

The Centre for Liveable Cities (CLC) was set up in 2008 by the Ministry of National Development (MND) and the Ministry of the Environment and Water Resources (MEWR). The CLC's mission is to distil, create and share knowledge on liveable and sustainable cities. CLC's work spans four main areas — Research, Capability Development, Knowledge Platforms, and Advisory. Through these activities, CLC hopes to provide urban leaders and practitioners with the knowledge and support needed to make our cities better.

BCA ACADEMY

The BCA Academy is the education and research arm of the Building and Construction Authority (BCA), Singapore. Since its establishment in 1984, BCA Academy has been providing quality training and education pathways for a diverse group of audience. It offers wide range of built environment programmes which are rigorous and practice-oriented to future-proof the built environment sector.
